Experience BMW M Performance Parts in sound and images online at [bmw.ca/mpformance](http://bmw.ca/mpformance).

Focus on motorsport: our pictures show scenes from the 2016 DTM season.

# THE BEST PERFORMANCE? GET BETTER EVERY DAY.

For our customers, dynamic high performance and peerless sporting performance are intrinsic to the BMW brand. To elevate even this high standard, we have developed BMW M Performance Parts – and we continue to work every day to make further improvements. After all, challenging your own performance and competing with the best will always remain one of life's greatest pleasures.

Regular participation in motor racing with near-production vehicles is critically important for BMW M Performance Parts. It inspires our development work and provides valuable insights through practical experience.

It also matters to ambitious and enthusiastic drivers who use BMW M Performance Parts to personalize their day-to-day vehicles. The broad range of BMW M Performance Parts offers a wealth of options for both BMW and BMW M models. The best possible choice of materials as well as perfect workmanship are also guaranteed thanks to the long-standing experience and know-how of our engineers.

The BMW brand celebrated its 100<sup>th</sup> anniversary in 2016. Find out more at [www.next100.bmw](http://www.next100.bmw)

# PROGRESS FEELS SO EFFORTLESS.

**Intelligent lightweight construction increases dynamics and improves the specific power-to-weight ratio – an absolute must for sporty vehicles. This is why we also offer BMW M Performance Parts in carbon.**

The innovative BMW i and BMW M brands already offer models with chassis constructed largely in carbon. Notably, the carbon fibre itself is manufactured and processed in our own production facilities, enabling the continuous build-up of BMW know-how and quality.

For many BMW M Performance Parts, lightweight carbon fibre is also an absolute essential – whether for components that optimize aerodynamics or for our classic motorsport interior detailing.

Producing carbon fibres with a diameter of just five to nine micrometres – a fraction of the width of a human hair – involves a series of complex processes.

In later stages, the fibres are woven into mesh which needs to be precisely structured to meet specific needs. The integration of high-quality synthetic resins then results in the complete carbon fibre reinforced plastic, or CFRP, components. These are 50% lighter than steel and 30% lighter than aluminum.

Many BMW M models already feature carbon roofs, which, depending on model, offer weight savings of five to six kilograms. This has a very positive effect on each vehicle's centre of gravity and noticeably improves agility.

Needless to say, CFRP is perfect for parts that bear heavy stresses in sporty vehicles, where every gram counts. At BMW M Performance Parts, we particularly favour working with this high-tech material for providing our customers with the optimum power-to-weight ratio and maximum rigidity.

# THE HEART BEATS FASTER.

**BMW M Performance Parts make the feeling of being in the front row of the grid even more direct. You're on a promise of driving pleasure – enjoy the adrenaline rush of anticipation.**

With BMW M Performance Parts, you have personal control over a perfectly coordinated overall package. The accessories, specially developed by us for your BMW, optimize sporty cornering and stability right through to the dynamic limits. For ambitious drivers, that means outstanding handling and The Ultimate Driving Experience®.

A prime example is the BMW M Performance Steering Wheel with Race Display using OLED technology. Its icon-based display enables intuitive operation and different driving modes can be called up using your thumbs.

The overall dynamics of your BMW can also be optimized through suspension tuning, aerodynamics, contact pressure, and the brake system. Additionally, for some models, BMW M Performance Parts can boost performance.

The M Carbon Ceramic Brake System, shown here, is considerably lighter, more powerful, and – particularly when used on the racetrack – significantly more stable. Brake pad wear is slower and the discs, in normal use, will last as long as the car itself – the silicon-carbon friction coating is virtually non-wearing.

BMW sound experts analyze the acoustic qualities of every newly developed system in a specially equipped vehicle sound studio on the BMW site in Munich. It takes about six weeks for a BMW M Performance Exhaust System to be perfectly in tune and ready for series production.

## GOOSEBUMPS FOR THE EARS.

**Sportiness is an emotional experience that cannot be measured in numbers. It's characterized by a personal attitude to driving that can be lived out even more intensely with the optimum equipment. Sporty Exhaust Systems from BMW M Performance Parts are an essential part of the dynamic picture.**

Every individual system is, therefore, developed by our team of proven acoustics specialists. They place particular emphasis on establishing the right sound for every model, and, along with the specific vehicle characteristics, the character of each engine also needs to be expressed.

The biggest challenge with exhaust note tuning is creating sonorous acoustics that not only express power, but also all-round strength in depth. At the same time, what's happening under the skin needs to comply with all legal requirements. Within this framework, and to be sure of the most effective results, our engineers explore the science of psychoacoustics. This leads to even more emotionally rousing sound patterns, exploited to the full within the legal boundaries.

And given the commitment that goes in to developing optimum sound, it's only logical that BMW M Performance Exhaust Systems are made of particularly durable materials. Which is why stainless steel and the also resilient but even lighter titanium are both used.

Now for the soundcheck: the BMW M Performance Sound Player lets you compare the sounds of M Performance. Visit [bmw.ca/mpformance](https://bmw.ca/mpformance) to hear the difference.

# EVERY BMW CARRIES THE MOTORSPORT GENE.

High performance has been a central part of the BMW brand right from the start. So has sporting competition, a compelling force behind the continuous optimization of performance and driving dynamics – the essential elements that create The Ultimate Driving Experience® that has distinguished every BMW to this day.

Many BMW drivers want to go beyond the usual options list in their desire to drive the individual dynamics of their vehicles to new heights. Which is why we developed BMW M Performance Parts.

Every BMW M Performance component has been developed in collaboration with BMW M GmbH and is the result of decades of motorsport experience. Perfect integration with each respective BMW model is of particular importance to us.

**1929** The history of BMW motorsport begins with a victory for the BMW 3/15 at the prestigious Alpine Rally.

**1936** Debut of the BMW 328, the motorsport version of the 326, at the Eifel Race with Ernst Jakob Henne – and an immediate win.

**1940** Double victory for the Berlinetta Touring version of the BMW 328 at the Mille Miglia.

**1954** The prestigious BMW 501 Saloon takes third place at the Monte Carlo Rally.

**1960/1961** Hans Stuck takes the German Hillclimb title, aged 60, in the BMW 700. Walter Schneider repeats the success in 1961 in the BMW 700 RS with its tubular frame and aluminum body.

**1964** Hubert Hahne dominates the German Circuit Championship in the BMW 1800Ti, winning 14 out of 16 races.

**1966** Hubert Hahne becomes the first driver to lap the Nürburgring Nordschleife in under 10 minutes in the BMW 2000Ti.

**1968/69** The BMW 2002, for the first time with a turbocharger. Dieter Quester becomes European Touring Car champion two years running.

# MORE MOTORSPORT FOR ALL.

Many BMW M Performance Parts fit perfectly with all of the BMW models listed here. Choose your desired base equipment from this overview and then fine-tune your vehicle with BMW M Performance Parts on the pages for your BMW model.

## 1 Carbon Wing Mirror Caps.

Meticulously hand-crafted in 100% carbon: the striking Carbon Wing Mirror Caps highlight the technologically advanced character of the vehicle. Their dynamic design ensures a particularly high-quality look plus an individual, sporty accent.

## 2 Pedal Covers/Foatrest, Stainless Steel.

With their high-quality stainless steel surfaces and asymmetrical profiles, the footrest, and pedal covers give dynamic, high-tech character to the footwell. The design also prevents feet from slipping.

## 3 Key Case.

In an impressive combination of carbon, and Alcantara. The key attaches securely to the case by means of a socket head screw in BMW M Blue. Timelessly elegant, technically sophisticated – and a concise motorsport statement.

## 4 Track Fix for GoPro™ Cameras.\*

Provides a safe and stable mounting base for a GoPro™ camera, allowing you to take video recordings outside your vehicle. Whether you want to capture the excitement of the racetrack, or simply record your journey, the M Performance Track Fix for GoPro™ ensures professional video quality every time.

## 5 Suspension (up to 20 mm lower).

A ground-hugging stance means even greater dynamic presence—and all M Performance exterior parts look even more effective when a vehicle is equipped with a Sport Suspension. But it's not just about amazing visuals, this set up also ensures better stability and better cornering dynamics, providing you with The Ultimate Driving Experience®.

\*GoPro™ camera sold separately.

\*\*Does not include smartphone or holder. Available for iOS and Android devices.

## 6 Driver Analyzer.\*\*

This comprises an on-board diagnostics stick and a smartphone app (iOS and Android). A wealth of information, including engine data, maximum values, throttle, and brake pedal use, lateral acceleration, and much more, can be professionally recorded and analyzed.

## 7 Black Front Grille.

Emphasizes the sporty and dynamic character of the vehicle. Also features a High-gloss Black trim.

# BMW 2 SERIES COUPÉ AND CABRIOLET. DISTILLED SPORTING SPIRIT.

4

5

**Athletic design, short overhangs, muscular proportions, perfect axle load distribution – the BMW 2 Series Coupé and the 2 Series Cabriolet are designed to push driving dynamics to a higher level. With BMW M Performance Parts, you can take things even further.**

**19" Double Spoke 405 M.**  
Forged light alloy wheels in Bicolour Orbit Grey, burnished on the visible sides and featuring the four-colour BMW M logo.

**Exhaust System.\***  
For an impressively sporty sound – inside and outside the vehicle. In weatherproof stainless steel.

**Tailpipe Trim, Carbon.**  
Strengthen the individual character of your BMW 2 Series. Thermally decoupled and inscribed with the BMW M logo. Only in conjunction with BMW M Performance Exhaust System.

**Aerodynamics Package.**  
Precisely adapted to the BMW 2 Series, for even better aerodynamic values. Comprising air ducts, splitter, front bumper components, rear diffuser and side skirt blades.

**Alcantara Steering Wheel II with Carbon Trim and Race Display.**  
Featuring an integrated function display in the top part of the steering wheel rim. This uses the latest OLED technology and two-tone LED displays. Buttons in the thumb rest area can be pressed to activate Race, Sport or EfficientDynamics mode.

**Centre Console Shift Knob Trim in Alcantara and Carbon.**  
The tactile quality of open-pore carbon makes an immediate high-tech impression. The high-quality Alcantara, meanwhile, has a particularly pleasant feel.

**LED Doorsill Finishers.**  
The dynamic design of the LED Doorsill Finishers and their stainless steel look make an instant impact on boarding the vehicle. With cable-free operation thanks to an integrated battery and magnetic switch.

**Carbon Shift Knob Trim.**  
With the BMW M logo, making the motorsport connection absolutely clear. The carbon has an open-pore finish and a satin-Matte effect, so the high tech can be seen and felt.

**Accent Stripes, Black/Silver.**  
Positioned immediately beneath the swage line to accentuate the sporting elegance of the vehicle's design.

\*Customer will be required to sign a waiver at the time of purchase. Check your local laws before use. Ensuring that all noise/sound, and speed/use related laws are followed is the customer's responsibility.

**Few cars in the world stand for sportiness quite like the BMW 3 Series. Underscore the effect with perfectly matching accessories – because the special touch of BMW M Performance Parts can be felt on every drive.**

#### **Aerodynamics Package.**

For even better aerodynamics and fine-tuned to the BMW 3 Series. Comprised of air ducts, splitter and attachments for the front bumper, rear diffuser as well as blades for the side skirts. Only available in conjunction with the BMW M Aerodynamics Package.

#### **Alcantara Steering Wheel II with Carbon Trim.**

Sport leather steering wheel with an extremely grippy Alcantara cover and a sophisticated open-pore carbon trim.

#### **Tailpipe Trim, Chrome or Carbon.**

Strengthen the individual character of your BMW 3 Series. Thermally decoupled and inscribed with the BMW M logo. Only in conjunction with BMW M Performance Exhaust System.

#### **20" Double Spoke 405 M.**

Forged light alloy wheels in Bicolour Orbit Grey, burnished on the visible sides and featuring the four-colour BMW M logo. Also available in 18" Matte Black as Cold Weather Wheels.

#### **Mechanical Limited Slip Differential.**

The differential lock at the rear axle applies more torque to the wheel with the most grip to minimize slippage. This results in more stable cornering, optimal traction, and even sportier handling.

#### **Exhaust System.\***

For an impressively sporty sound – inside and outside the vehicle. In weatherproof stainless steel.

#### **Interior Trim, Carbon with Alcantara.**

A sophisticated combination of open-pore carbon and Alcantara guarantee an exclusive motorsport feel in the cockpit.

- 1 20" Double Spoke 405 M, Aerodynamics Package, Exhaust System, Chrome Tailpipe Trim
- 2 Alcantara Steering Wheel II with Carbon Trim, Carbon Interior Trim with Alcantara
- 3 Limited Slip Differential
- 4 Carbon Wing Mirror Caps, Black Front Grille, 20" Double Spoke 405 M, Aerodynamics Package

\*Customer will be required to sign a waiver at the time of purchase. Check your local laws before use. Ensuring that all noise/sound, and speed/use related laws are followed is the customer's responsibility.

# BMW 3 SERIES.

## UNPARALLELED DYNAMIC POTENTIAL.

# BMW 4 SERIES COUPÉ AND CABRIOLET.

## AESTHETICS WITH EXTRA POWER.

**Coupé or Cabriolet, the first sporting high point is the powerful front profile with its large-scale air intakes. BMW M Performance Parts offer even more opportunities to celebrate the benefits of a low centre of gravity and optimum axle load distribution.**

**Exhaust System.\***  
For an impressively sporty sound – inside and outside the vehicle. In weatherproof stainless steel.

**Tailpipe Trim, Chrome or Carbon.**  
Strengthen the individual character of your BMW 4 Series. Thermally decoupled and inscribed with the BMW M logo. Only in conjunction with BMW M Performance Exhaust System.

**18" Brake System.**  
Featuring inner-vented lightweight construction sport brake discs and calipers in BMW M Performance red, yellow, or orange.

**Side Skirt Transfers, Black.**  
Perfectly complementing the vehicle design and underscoring its individual, athletic profile. With BMW M Performance lettering.

**20" Double Spoke 624 M.**  
Forged light alloy wheels in Bicolour Matte Black, milled and featuring the four-colour BMW M logo.

**Aerodynamics Package.**  
Precisely adapted to the BMW 4 Series, for even better aerodynamic values. Comprising air ducts, splitter, front bumper components, rear diffuser, and side skirt blades. BMW M Aerodynamics Package required.

**Accent Stripes, Black/Silver.**  
Positioned immediately beneath the swage line to accentuate the sporting elegance of the vehicle's design.

**Alcantara Steering Wheel II with Carbon Trim and Race Display.**  
Featuring an integrated function display in the top part of the steering wheel rim. This uses the latest OLED technology and two-tone LED displays. Buttons in the thumb rest area can be pressed to activate Race, Sport, or EfficientDynamics mode.

\*Customer will be required to sign a waiver at the time of purchase. Check your local laws before use. Ensuring that all noise/sound, and speed/use related laws are followed is the customer's responsibility.

- 1 Carbon Tailpipe Trim, Exhaust System
- 2 Alcantara Steering Wheel II with Carbon Trim and Race Display
- 3 Chrome Tailpipe Trim, Exhaust System, 18" Brake System, Side Skirt Transfers, 20" Double Spoke 624 M, Aerodynamics Package, Accent Stripes
- 4 Accent Stripes, Black Front Grille, Carbon Wing Mirror Caps

**A combination of captivating aesthetics and classic BMW performance: the Gran Coupé features a host of exceptional design elements that can be better still and, above all, more sporty with perfectly matching BMW M Performance Parts.**

**Rear Spoiler, Carbon.**  
Meticulously hand-crafted in 100% carbon and weight-optimized, while still offering the highest stability.

**Tailpipe Trim, Chrome.**  
Strengthen the individual character of your BMW 4 Series. Thermally decoupled and inscribed with the BMW M logo. Only in conjunction with BMW M Performance Exhaust System.

**Active Sound Exhaust System.\***  
For the first time, a high-quality sport Exhaust System for diesel vehicles. Individual control: Eco Pro and Comfort, for a full sound in everyday use; Sport and Sport+, for richer, more resonant sound development and maximum evocative impact.

\*Customer will be required to sign a waiver at the time of purchase. Check your local laws before use. Ensuring that all noise/sound, and speed/use related laws are followed is the customer's responsibility.

- 1 Carbon Rear Spoiler, Active Sound Exhaust System, Chrome Tailpipe Trim, 20" 624 M Polished Light Alloy Wheels, Carbon Wing Mirror Caps, Black/Silver Accent Stripes, Matte Black Sill Attachment, Side Skirt Transfers
- 2 Active Sound Exhaust System, Chrome Tailpipe Trim

## BMW 4 SERIES GRAN COUPÉ. FOUR-DOOR COUPÉ – FIRST-CLASS SPORTINESS.

1

2

**Combine the best from the worlds of business and sport. Contemporary digital communications technology, a classically dynamic driving feel, striking design – BMW M Performance Parts bring it all together and take it to another level.**

**Front Attachment, Carbon.**  
Hand-made, uncompromisingly high quality and aerodynamically adapted to your BMW.

**20" Double Spoke 669 M.**  
The high-quality 20" light alloy wheel is forged, finished in Bicolour Matte Black and features an exclusive combination of milled and burnished visible sides and the BMW M logo.

**Retrofit Sport Brakes Kit.**  
For short stopping distances, even under high thermal loads, the powerful Sport brakes feature inner-vented, lightweight Sport brake discs. Equipped with four-piston fixed calipers at the front and one-piston floating calipers at the rear. Finished in the strikingly dynamic BMW M Performance red and the four-colour BMW M logo.

**Rear Diffuser, Carbon.**  
A striking head-turner: the rear diffuser in carbon, particularly with its eye-catching bars, accentuates the masculine sportiness of the vehicle.

**Exhaust System.\***  
For an impressively sporty sound – inside and outside the vehicle. In weatherproof stainless steel and chrome or carbon tailpipe trim.

**Sill Attachments.**  
With its perfectly fitting form, the sill attachment adds a strikingly sporty accent to the vehicle's side profile.

**Tailpipe Trim, Carbon.**  
An eight-cylinder look, carbon sleeves and other design features give the tailpipe trim a particularly solid and powerful appearance.

- 1 Carbon Tailpipe Trim, Carbon Rear Diffuser
- 2 Matte Black PU Rear Spoiler
- 3 Carbon Front Apron, Carbon Front Attachment, High-gloss Black Front Grille
- 4 20" Double Spoke 669 M, Bicolour Matte Black, Retrofit Sport Brakes Kit
- 5 Carbon Rear Spoiler, Carbon Rear Diffuser, Exhaust System, Carbon Tailpipe Trim, Carbon Wing Mirror Caps, Sill Attachment, Side Skirt Transfer, Accent Stripes, Retrofit Sport Brakes Kit, 20" Double Spoke 669 M, Bicolour Matte Black

\*Customer will be required to sign a waiver at the time of purchase. Check your local laws before use. Ensuring that all noise/sound, and speed/use related laws are followed is the customer's responsibility.

**BMW 5 SERIES.**  
**THE FASTEST INNOVATION IN BUSINESS CLASS.**

# BMW 6 SERIES.

## NATURAL ELEGANCE, DRAMATIC PERFORMANCE.

Whether it's the Coupé, the Cabriolet or the Gran Coupé – sporting high performance is always a satisfyingly cultured experience in the BMW 6 Series. At this level, BMW M Performance Parts can make all the difference with some particularly fine detail.

### 20" V-Spoke 464 M.

Light alloy wheels, burnished on the visible sides, available in Bicolour Ferric Grey and Liquid Black.

### Alcantara Steering Wheel II with Carbon Trim.

Sport leather steering wheel with an extremely grippy Alcantara cover and a sophisticated open-pore carbon trim.

### Carbon Shift Knob Trim for Sport Automatic.

A sophisticated and individual motorsport highlight in the cockpit. With BMW M logo.

### Exhaust System.\*

For an impressively sporty sound – inside and outside the vehicle. In weatherproof stainless steel.

- 1 Black Front Grille, Carbon Wing Mirror Caps
- 2 20" V-Spoke 464 M, Liquid Black
- 3 Carbon Shift Knob for Sport Automatic
- 4 Alcantara Steering Wheel II with Carbon Trim
- 5 Exhaust System

## BMW 7 SERIES.

LEADING-EDGE LUXURY, DEFINITIVE DYNAMICS.

**In the BMW 7 Series, the ultimate luxury is having access to tomorrow's technological innovations today – and in exclusively sporty style. BMW M Performance Parts elevate this experience to a dynamic new dimension with outstanding quality guaranteed all the way. Even for a vehicle in this class.**

### **21" Double Spoke 650 M.**

Forged, in Bicolour gloss Black, burnished on the visible sides and featuring the BMW M logo.

### **Side Skirt Transfers, Black.**

Perfectly complementing the vehicle design and underscoring its individual, athletic profile. With BMW M Performance lettering.

### **Rear Spoiler.**

In high-quality PUR and emphasizing the athletic presence of the vehicle. Optimized aerodynamics reduce lift and lead to even more harmonious steering.

3

- 1 Side Skirt Transfers, Carbon Wing Mirror Caps, Black Front Grille
- 2 Led Doorsill Finishers
- 3 Side Skirt Transfers

Explore new paths: as a contemporary Sports Utility Vehicle, the BMW X1 reveals its spontaneous and versatile nature at first glance. This character can be given extra dynamic edge with BMW M Performance Parts, perfectly adapted for sporting pleasure.

#### LED Doorsill Finishers.

The dynamic design of the LED Doorsill Finishers and their stainless steel look make an instant impact on boarding the vehicle. With cable-free operation thanks to an integrated battery and magnetic switch.

#### Side Skirt Transfers, Black.

Perfectly complementing the vehicle design and underscoring its individual, athletic profile. With BMW M Performance lettering.

## BMW X3.

### POWER WITHOUT LIMITS.

**Core discipline: flexibility. The BMW X3 is a competitive all-rounder that can adapt to any challenge in an instant. When it comes to building a first-class sporting profile, BMW M Performance Parts are the go-to choice.**

#### Alcantara Steering Wheel with Carbon Trim.

The Alcantara covering on the steering wheel guarantees the perfect grip and a satisfying feel in both high and low temperatures.

#### 20" Double Spoke 310 M.

The high-quality, weight-optimized 20" light alloy wheels in Bicolour Orbit Grey or Bicolour Ferric Grey, are burnished on the visible sides and feature rolled rim bases as well as the BMW M logo.

#### 21" Double Spoke 599 M.

Light alloy wheels in Bicolour Matte Orbit Grey or Bicolour Matte Black, burnished on the visible sides and featuring rolled rim bases as well as the BMW M logo.

- 1 Black Front Grille, Carbon Wing Mirror Caps, 21" Double Spoke 310 M
- 2 21" Double Spoke 599 M
- 3 21" Double Spoke 310 M
- 4 Alcantara Steering Wheel with Carbon Trim, Carbon Interior Trim

# BMW X4.

## PERFECTLY AMPLIFIED ATHLETICISM.

- 1 Carbon Rear Spoiler, Exhaust System, Accent Stripes, 21" Double Spoke 599 M
- 2 20" Double Spoke 310 M
- 3 Alcantara Steering Wheel with Carbon Trim, Carbon Interior Trim

**The X4 – at its best being itself. This vehicle's design is as forward-looking as its powerful engines. And with carefully coordinated Original BMW M Performance Parts, you can create an even more individual impression.**

### Rear Spoiler, Carbon.

Meticulously hand-crafted in 100% carbon and weight-optimized, while still offering the highest stability.

### Accent Stripes, Black/Silver.

Positioned immediately beneath the swage line to accentuate the sporting elegance of the vehicle's design.

### Exhaust System.\*

For an impressively sporty sound – inside and outside the vehicle. In weatherproof stainless steel.

### 21" Double Spoke 599 M.

Light alloy wheels in Bicolour Matte Orbit Grey or Bicolour Matte Black, burnished on the visible sides, and featuring rolled rim bases as well as the BMW M logo.

### 20" Double Spoke 310 M.

The high-quality, weight-optimized 20" light alloy wheels are in Bicolour Orbit Grey or Bicolour Ferric Grey, are burnished on the visible sides and feature rolled rim bases as well as the BMW M logo.

### Alcantara Steering Wheel with Carbon Trim.

The Alcantara covering on the steering wheel guarantees perfect grip and a satisfying feel in both high and low temperatures.

### Interior Trim, Carbon.

A sophisticated mix of lacquered carbon, chrome, and BMW M Performance lettering.

\*Customer will be required to sign a waiver at the time of purchase. Check your local laws before use. Ensuring that all noise/sound, and speed/use related laws are followed is the customer's responsibility.

**Assertive power on any terrain and commanding sportiness at the highest level – the two top models in the X range offer an incomparable mix of dynamic capabilities. Give them the ultimate final touch with BMW M Performance Parts.**

#### Front Attachment.

Accentuate the sporty design. Hand-crafted in 100% carbon. The BMW M Sport package or the BMW M Aerodynamics Package as well as the carbon rear spoiler for the BMW X6 or the roof spoiler for the BMW X5 are required for fitting.

#### Roof Spoiler.

In High-gloss Black and further enhancing the eye-catching looks of the vehicle. Its dynamic design makes a clear and strikingly individual statement at the rear.

#### Alcantara Steering Wheel with Carbon Trim.

The Alcantara covering on the steering wheel guarantees perfect grip and satisfying feel – whether the temperature is high or low.

#### Side Skirt Transfers, Black.

Perfectly complementing the vehicle design and underscoring its individual, athletic profile. With BMW M Performance lettering.

#### 21" Double Spoke 310 M.

The high-quality, weight-optimized 21" light alloy wheels are in Bicolour Orbit Grey or Bicolour Ferric Grey, are burnished on the visible sides and feature rolled rim bases as well as the BMW M logo.

#### 21" Y-Spoke 375.

High-quality BMW Performance light alloy wheels in Bicolour Ferric Grey, burnished on the visible sides and features BMW Performance lettering.

#### 21" Double Spoke 599 M.

Light alloy wheels in Bicolour Matte Orbit Grey or Bicolour Matte Black, burnished on the visible sides and featuring rolled rim bases as well as the BMW M logo.

#### Rear Spoiler, Carbon.

Meticulously hand-crafted in 100% carbon and weight-optimized, while still offering the highest stability.

#### Rear Diffuser, Carbon.

A striking head-turner: the Rear Diffuser in carbon, particularly with its eye-catching bars, accentuates the masculine sportiness of the vehicle.

#### Rear Flaps.

Impressively accentuate the width of the vehicle. The striking wing profile, in particular, makes an individually sporty impression. Available in high-quality carbon (BMW X5) and High-gloss Black (BMW X6).

#### Tailpipe Trim, Chrome.

Strengthen the individual character of your BMW X5 or BMW X6. Thermally decoupled and inscribed with the BMW M logo. Only in conjunction with BMW M Performance Exhaust System.

#### Key Case.

In an impressive combination of carbon and Alcantara. The key attaches securely to the case by means of a socket head screw in BMW M Blue. Timelessly elegant, technically sophisticated – and a concise motorsport statement.

# BMW X5 AND BMW X6. EXTRA POWER FOR EXCEPTIONAL ATHLETES.

- 1 Roof Spoiler
- 2 Alcantara Steering Wheel with Carbon Trim
- 3 Black Front Grille, Carbon Wing Mirror Caps, Front Attachment
- 4 Carbon Rear Diffuser
- 5 21" Double Spoke 310 M
- 6 21" Double Spoke 599 M
- 7 Rear Flaps, Chrome Tailpipe Trim, Carbon Rear Diffuser, Carbon Rear Spoiler, Side Skirt Transfers, 21" Double Spoke 599 M

**1972** BMW Motorsport GmbH is founded.

**1973** Hans-Joachim Stuck and Chris Amon win the Touring Car Grand Prix at the Nürburgring in the BMW 3.0 CSL. Scoring six European Championship titles, the CSL becomes the most successful touring car of the 1970s.

**1978** Launch of the BMW M1, the first independent model from BMW Motorsport GmbH.

**1984** Volker Strycek secures the first DTM victory for BMW with the BMW 635 CSI.

# MOTORSPORT STARTS WITH M.

**High standards have been in the blueprint of every BMW since the inception of the brand. When BMW Motorsport GmbH was founded in 1972, with an uncompromising focus on racing, a whole new set of forces were unleashed.**

The winning ways began with the BMW 3.0 CSL, developed in collaboration with Alpina – with six European Championships, this was the most successful touring car of the 1970s. This was followed by the BMW M1, the first BMW to bear the now legendary M in its name.

From 1980 on, BMW Motorsport GmbH began to make its mark on Formula 1 with its turbo engines. Then, in 1983, the first World Title of the turbo era was won by Nelson Piquet in his Brabham BMW.

Meanwhile, the BMW M3 was making a name for itself in the world of Touring Cars. E30 Series vehicles remain, to this day, the most successful Touring Cars in the world. Since 2015, the BMW M4 DTM has been representing the three colours of BMW M GmbH in the German Touring Car Masters.

**1989** Roberto Ravaglia becomes Touring Car world champion in the BMW M3.

**2004/2005** BMW triumphs at the 24 Hours Nürburgring in two consecutive years with a double victory in the BMW M3 GTR.

**2012** Return to the DTM marks the beginning of a new success story. The legendary BMW M3 DTM immediately scores a title hat-trick. Victories in the Drivers', Manufacturers' and Team championships.

**2016** Marco Wittman wins the DTM Drivers' Championship in the BMW M4 DTM.

The BMW M4 DTM in the 2016 DTM season.

# FOR ALL WITH M.

**Certain BMW M Performance Parts fit perfectly with any BMW M model. Choose your desired base equipment from this overview and then fine-tune your vehicle with choices from the selection on the pages for your BMW M model.**

## 1 Front Grille, Black.

The striking double grille struts and their high-gloss Black framing radiate power and resolute purpose. A clear sign of individuality.

## 2 Alcantara Steering Wheel II with Carbon Trim And Race Display.

The steering wheel cover in high-quality Alcantara offers outstanding grip. The race display featuring the latest OLED technology and the two-colour LED gearshift indicators promise authentic motorsport feel every day. The Race, Sport, and EfficientDynamics modes can also be called up at the touch of a button. Race-relevant data is provided by a stopwatch (with a 1/100 of a second timer in race mode) and a G meter that measures longitudinal and lateral acceleration forces. Additionally, up to 50 lap times and the top values for speed and lateral and longitudinal acceleration can be stored.

A lacquered carbon trim, meanwhile, adds a unique touch of sporting sophistication. Also available without race display.

## 3 Carbon Mirror Caps.

Meticulously hand-crafted in 100% carbon. A dynamic, exceptionally sporty design makes a clear statement at the first glance: individuality is everything.

## 4 Suspension (height-adjustable, can be lowered by up to 20 mm).

A ground-hugging stance means even more striking dynamic presence – and all M Performance exterior parts look even more effective when a vehicle is equipped with the Sport suspension. But it's not just about amazing visual tuning. This set up also ensures better stability, better cornering dynamics, and better safety – and The Ultimate Driving Experience®.

## 5 Pro Shift Knob.

The ultimate motorsport touch for the centre console. Featuring an illuminated gear graphic, rewardingly grippy feel, side inlays in BMW M colours and an Alcantara gaiter. For a completely new shift feel.

## 6 Key Case.

In an impressive combination of carbon and Alcantara. The key attaches securely to the case by means of a socket head screw in BMW M Blue. Timelessly elegant, technically sophisticated – and a concise motorsport statement.

## 7 Drive Analyzer.\*

This comprises an on-board diagnostics stick and a smartphone app (iOS and Android). A wealth of information, including engine data, maximum values, throttle and brake pedal use, lateral acceleration and much more, can be professionally recorded and analyzed.

## 8 Pedal Covers, Stainless Steel.

In solid stainless steel. The asymmetrical design of the rubber tread profile gives even the footwell a distinctively dynamic, high-tech character. The perfect complement to other BMW M Performance Parts.

## 8 Floor Mats.

Finished to perfection and giving the footwells an individually sporty feel. With grey design lines and interwoven BMW M Performance lettering.

## 9 Track Fix for GoPro™ Cameras.\*\*

Provides a safe and stable mounting base for a GoPro™ camera, allowing you to take video recordings outside your vehicle. Whether you want to capture the excitement of the racetrack, or simply record your journey, the M Performance Track Fix for GoPro™ ensures professional video quality every time.

\*Does not include smartphone or holder. Available for iOS and Android devices.

\*\*GoPro™ camera sold separately.

# BMW M2 COUPÉ.

## COMPACT POWERHOUSE, LARGE-SCALE IMPACT.

**Small wonder: the BMW M2 Coupé packs 343 ft-lbs of torque into less than four and a half metres. The concept of a high-performance sports car could hardly be defined more precisely – unless it's also equipped with BMW M Performance Parts.**

**Sill Attachments, Carbon.**

A powerfully effective way to boost the sporting looks of the vehicle. They also impress with their remarkably low weight, exceptional stability, and perfectly fitting shape.

**Carbon Front Attachment (left/right).**

Hand-made, uncompromisingly high quality and aerodynamically adapted to your BMW.

**Motorsport Stripes.**

The front, rear, and side stripes in classic BMW M colours convey uncompromising motorsport character at the very first look. The quality of the transfers has been stringently climate-tested and their geometry perfectly matches the form of the vehicle.

**Interior Kit, Carbon.**

A combination of open-pore carbon and Alcantara creates an exclusive motorsport look and feel. The kit comprises trim for the DCT gearshift lever, centre console and the handbrake grip. A perfect addition to the standard equipment.

**Exhaust System.\***

Street symphony: the Exhaust System presents the choice between an intense six-cylinder sound and ultimate motorsport acoustics.

**Rear Diffuser, Carbon.**

100% hand-crafted rear diffuser in full carbon. 100% pure motorsport character. 100% exhilaration. The high-tech rear diffuser makes for an even more sporty appearance – and impressively accentuates the masculine character of the vehicle.

**Tailpipe Trim, Carbon.**

A sign of commanding power at the rear. With the BMW M logo.

**Alcantara Pro Steering Wheel with Carbon Trim.**

For unmistakable motorsport feel in the cockpit. This steering wheel inspires with its striking form and highly bolstered grip area in Alcantara – for optimum hold in all temperatures. With a motorsport marking in light blue leather.

- 1 Carbon Tailpipe Trim
- 2 Pro Alcantara Steering Wheel with Carbon Trim
- 3 Carbon Side Skirt Attachment
- 4 Carbon Interior Kit
- 5 Carbon Front Attachment, Left, Motorsport Stripes

## SELECT YOUR SPORTING PROFILE.

**The BMW M3 has been setting new standards with every lap for over 30 years. The most successful touring car of all time, it's also instantly recognized on racetracks all over the world. Even this high profile can be fine-tuned, however. Make it personal with BMW M Performance Parts.**

**Sidewall Bars.**  
In High-gloss Black and decisively accentuating the bold character of the vehicle's side profile. Sporty, sophisticated, and exceptionally effective.

**Door Handles, Carbon.**  
With exceptional depth thanks to a High-gloss polish. And perfectly rounding off the uniquely sporty, BMW M Performance picture inside the car.

**Handbrake Grip in Carbon with Alcantara Gaiter.**

Finished in a combination of lacquered carbon and high-quality Alcantara. The gaiter is refined with stitching in the BMW M colours. This emphasizes the motorsport feel in the interior and perfectly complements other BMW M Performance Parts.

**Exhaust System, Titanium.\***  
Three modes can be called up via the engine dynamics button: Sport and Sport+ create an extremely powerful and emotionally rousing sound. Efficient delivers a sportingly intense note that remains suitable for everyday use. Optimized exhaust gas routing significantly accentuates the classic six-cylinder biturbo sound character. And the Exhaust System is made entirely in race-grade Titanium.

- 1 Side Motorsport Stripes, High-gloss Black Sidewall Bars, Titanium Exhaust System, Carbon Wing Mirror Caps
- 2 Titanium Exhaust System
- 3 Carbon Gear Lever Trim, Handbrake Grip in Carbon with Alcantara Gaiter, Alcantara Steering Wheel II with Carbon Trim

## STAR PERFORMANCE – COUPÉ AND CABRIOLET.

**The technical finesse of innovations such as the Double Clutch Transmission with Drivelogic, Launch Control and the Active M Differential make it even easier to explore the limits in the BMW M4 Coupé and Cabriolet. With BMW M Performance Parts, you can do it in particularly sporting style.**

**Rear Diffuser, Carbon.**  
100% hand-crafted rear diffuser in full carbon. 100% pure motorsport character. 100% exhilaration. The high-tech rear diffuser makes for an even more sporty appearance – and impressively accentuates the masculine character of the vehicle.

**Armrest, Alcantara.**  
To complete the exclusive motorsport look in the cockpit. In a premium material mix of Alcantara and High-gloss Carbon. Adjustable in length. With eye-catching stitching in the BMW M colours.

**Rear Spoiler, Carbon.**  
Greatly enhancing the high-quality, sporty appearance of the vehicle. In combination with other aerodynamics components, it also optimizes the aerodynamic values and ensures even more dynamic handling.

**Motorsport Stripes, Side.**  
Featuring the three BMW M colours. The clear connection with motor racing underscores the sporty design of the vehicle and gives it even more individual character.

**Sill Attachments.**  
In Matte Black or body colour and significantly reinforcing the sporty character of the vehicle. Along with other BMW M Performance aerodynamics components, they also help to optimize aerodynamic values.

**Sidewall Bars.**  
In High-gloss Black and decisively accentuating the bold character of the vehicle's side profile. Sporty, sophisticated, and exceptionally effective.

**Carbon Front Attachment (left/right).\***  
In uncompromising hand-made quality and aerodynamically adapted to your BMW.

- 1 Carbon Rear Diffuser
- 2 Carbon Handbrake Grip with Alcantara Gaiter, Alcantara Armrest, Gear Lever Trim
- 3 Carbon Rear Spoiler
- 4 Side Motorsport Stripes, Side Skirts, High-gloss Black Sidewall Bars, Carbon Front Attachment, Black Front Grille

\*Optional finishing strip available in carbon or PU, primed and paintable in body colour.

# BMW M4 COUPÉ.

## UPSCALE THE EXCLUSIVITY.

Many details from the BMW M4 directly reflect the uncompromising dynamics of sporting competition. The BMW M Performance Parts presented here, in particular, reveal the close relationship with the world of touring car racing.

**Side Skirt Transfers.**

The high-quality transfers, in black and with BMW M Performance lettering and the three-colour BMW M logo, further enhance the dynamic character of the BMW M Performance side skirts. They also make the profile look even more individual.

**Rear Spoiler, Carbon (flow-through).**

The unmistakable touch of motorsport at the rear. Optimized aerodynamics noticeably enhance the sporty handling characteristics. Dynamic form at its most individual.

**Carbon Front Attachment (left/right).\***

In uncompromising hand-made quality and aerodynamically adapted to your BMW.

**Alcantara Pro Steering Wheel with Carbon Trim.**

For unmistakable motorsport feel in the cockpit. This steering wheel inspires with its striking form and highly bolstered grip area in Alcantara – for optimum hold in all temperatures. With a motorsport marking in light blue leather.

\*Optional closing strip available in either carbon or primed PU, paintable in body colour.

- 1 Side Skirt Transfers, Side Motorsport Stripes
- 2 Carbon Rear Spoiler (through-flow)
- 3 Carbon Front Attachment, Front Grille
- 4 Carbon Rear Spoiler (through-flow), Side Skirt Transfers

# BMW M5.

## SUPREMACY – AND THEN SOME.

**Impressive power-to-weight ratio, massive sprinting power: the BMW M5 has always stood for maximum performance and captivating dynamic character. BMW M Performance Parts are precisely adapted to this high-performance profile, for driving pleasure at its most individual.**

**Rear Spoiler, Carbon.**  
Greatly enhancing the high-quality, sporty appearance of the vehicle. In combination with other aerodynamics components, it also optimizes the aerodynamic values and ensures even more dynamic handling.

**Tailpipe Trim, Carbon or Titanium.**  
A sign of commanding power at the rear. With the BMW M logo.

**Rear Diffuser, Carbon.**  
100% hand-crafted rear diffuser in full carbon. 100% pure motorsport character. 100% exhilaration. The high-tech rear diffuser makes for an even more sporty appearance – and impressively accentuates the masculine character of the vehicle.

**Exhaust System.\***  
For an impressively sporty sound – inside and outside the vehicle. In weatherproof stainless steel.

**Side Skirt Transfers.**  
The high-quality transfers, in black and with BMW M Performance lettering and the BMW M logo, further enhance the dynamic character of the side skirts. They also make the profile look even more individual.

**Front and Rear Stripes.**  
In classic BMW M colours and conveying uncompromising motorsport character at the very first look. The quality of the transfers has been stringently climate-tested and their geometry perfectly matches the form of the vehicle.

- 1 Carbon Rear Spoiler, Side Skirt Transfers, Front and Rear Stripes
- 2 Carbon Rear Diffuser, Carbon Tailpipe Trim
- 3 Carbon Tailpipe Trim, Exhaust System
